David, Age 37, Forever.Hair Patient

“Not only have I seen significant regrowth, but the hair that I have is much thicker.”

The easy, affordable, non-surgical solution for hair loss.

Forever.Hair by Body by Blink is the breakthrough hair growth solution for men who aren't ready or not candidates for a hair restoration procedure. Look younger and regain your self-confidence with thicker, fuller, naturally growing hair.

- Stop shedding
- Promote hair growth
- Prevent future hair loss
- Increase thickness of thinning hairs

*David has had great results and individual results do vary. Typical patients experience 30% denser hair coverage by 6 months of treatment.

The Forever.Hair treatment plan includes:

6 in-Office Hair Growth Treatments

The same products and solutions that have helped athletes improve their recovery from injury can now be used to promote hair growth. (Months 1, 3, 6, 12, 15, 21)

Light Cap

The Right Light - In just 10 minutes-a-day, this convenient at-home therapy utilizes a patented combination of powerful red (660nm) and orange light (620nm) – clinically proven to grow more hair in less time than other hair loss products.

Medications & Shampoo

You will get a personalized regimen of Clinical Strength Minoxidil & Finasteride, along with a specialty formulated hair nourishing shampoo.

Physician Monitoring with Tricoscopy

All office visits are included. Dr. Gaddis is a hair restoration expert and will oversee your treatment and perform tricoscopy periodically to monitor your improvement.
